Robert Bicknell Photography

www.robertbicknellphoto.com

A resident of Groton and a native New Englander, Bob has had a lifelong love of both photography and the outdoors. Working on a continuum from realism to abstraction, Bob strives to capture a sense of place in his images of the ever-changing beauty that surrounds us. Mountain sunrise, abstract white birches, morning fog and old farms and barns are some of Bob's favorite subjects. For Bob the two most important rules of photography are "lighting is everything" and "you have to be there."

Denyse Walker

www.denysewalker.com

Denyse Walker, a parent at Groton Community School, creates handmade paste-paper journals and prints. Her process of combining paste with acrylic paint, while using various printing tools to manipulate the paint on a wet piece of paper, results in a richly textured surface. Denyse hand binds her journals using a "caterpillar stitch." Each finished piece of paper and every journal is unique and one-of-a-kind.
