I have been with Groton Community School for over 30 years and was in the classroom as the Kindergarten/Pre-Kindergarten Teacher prior to moving in the administrative role. I truly believe in the school's philosophy and embrace meeting the need for good early childhood programming being available for families and young children. I appreciate the talent and caliber of GCS teaching staff, feel very privileged that my own children had the opportunity to attend GCS when they were young, and am so proud to be part of the GCS community. During my off time, I enjoy gardening, exercise and catching a Bruins game whenever possible.

I felt "at home" from my very first experience as a GCS parent in 1994, and I started teaching at GCS the following year. I am still working at the school where my daughter attended Preschool and Kindergarten, and now my granddaughter attends! Groton Community School takes its middle name seriously, and I enjoy being a part of a dedicated, loyal, and caring community that continues to impact the lives of so many children and families! Outside of GCS, I enjoy walking, African drumming, and playing with grandchildren.

GCS was where my children had their first experience at school, and it was wonderful for my family. I knew teaching here would be a meaningful and fulfilling experience. I have worked with children for many years and love bringing artistic exploration into their daily lives. GCS embraces opportunities for children to articulate ideas through art, and is a perfect fit for me. I have taught art to children of all ages, and love to share the joy that it brings in expressing oneself creatively.

I have had the distinct pleasure of partnering with GCS to develop a uniquely consultative role that serves children in the classroom and staff with lunchtime trainings on a bimonthly basis. My son joined me at GCS as a toddler, preschool, and kindergarten student. I am so proud to be part of this innovative program and work with such a dedicated, knowledgeable staff and administration. When not at GCS, I have spent my time running an OT consulting business, serving as an Instructor in the OTA program at NSCC, and lecturing. I am a proud mother of two and dog lover.
